Manual Access

If you have any problems following the link in the above method, go to Lynda.com and click ‘Sign In’ on the Lynda.com homepage.

You will be taken to the sign in page. Select ‘Sign in with you organization portal’.

Type edgehill.ac.uk into the box, and select ‘Continue’.
Log in with the standard Edge Hill University sign in screen, using your Edge Hill University account.

**First Access**

If it is the first time that you have logged in you will be asked if you have had an account before. Select a response.

---

**Welcome to lynda.com!**

**Have you had a lynda.com account before?**

- I've had an account
- No, I've never had an account

**Why we're asking**

You can bring your course history, playlists, certificates of completion, and bookmarks to your new lynda.com profile.

On the next page, just enter the user name and password for your previous account, and well transfer that history to your new profile.

---

**Note for existing members:** If you have an account already you may want to merge it with your Edge Hill University Account. This will keep all your activity records and certificates of completion together. Later on, once you leave Edge Hill / your Edge Hill University account closes, you can keep your records by signing up as a new member and sending Lynda.com an email containing details of your old and new accounts. They will then be able to transfer all records over to the new account.
