Select the *use prediction* checkbox:

Choose from 4 selection styles
### Extras:

The *Extras* button provides a handy link to some additional features and the advanced settings editor:

- Screen Ruler
- Claro Capture
- Speaking Calculator
- Claro Audio Note
- Claro Read Cloud
- Advanced Settings Editor

### Screen Ruler

**Screen tinting**

ScreenRuler can provide a coloured overlay for the whole screen so everything is tinted and easier to read. You can choose any colour you like and change colour and intensity depending on the time of day, the light conditions and what you find best.
Coloured reading ruler

ScreenRuler can give you a strip or ruler across the screen. You can also make the screen outside of the strip darker to help you concentrate on the strip.

Underline

A coloured underline that goes across the screen and follows the cursor, helping you to stay on the line you're trying to read and concentrate on.
Claro Capture

Claro capture lets you copy text, or sections of a screen.

![Claro Capture](image)

Speaking Calculator

ClaroRead adds speech to the Windows Calculator. Enter the sum with the **numeric keyboard** and the figures will be echoed back to you when you press the Return key.

Claro Audio Note

Claro AudioNote is a simple program that makes it easy to review your recorded lectures, add audio recordings to your lecture notes in PowerPoint, and record lectures on your laptop or tablet.

![Claro Audio Note](image)

Any WAV, WMA, or MP3 audio file can be selected, but only Olympus or Conversor recordings will take advantage of any bookmarks you made.
ClaroRead Cloud

ClaroRead Cloud provides Claro text-to-speech, reading support, and document conversion (OCR) across any device - Windows machines, Macs, Android phones and tablets, iPads and iPhones, and Chromebooks.
