Teach In are a specialist company that arranges unique events for schools and trainee teachers throughout the UK. Since our formation in 2016 we have secured over 500 NQT positions for trainee teachers, all of whom attended one of our events.

The event will run between 4pm and 9pm, and a full schedule of attending schools will be issued prior to the event giving you time to prepare. We realise that not all trainee teachers will be able to get to the event for 4pm, and not all will be able to stay until 9pm, so we will tailor your individual schedule around the times you specify.

Please contact us on using the details below to find out more and to secure your place at this exclusive event.
