It is assumed that you have access to a desktop computer and internet access to complete the steps outlined.

Important information about submitting your TLA paper in Blackboard

Recommended Browsers: <u>Google Chrome</u> or <u>Mozilla Firefox</u> are the best for navigating and accessing tools and resources in Blackboard, particularly when submitting to Turnitin. Avoid Internet Explorer and Safari (on Mac).

File Size Limit: 100MB - Turnitin Submission Dropboxes have a submission file size limit of 100MB.

Important information about the TLA date and time

TLA Paper Release: The TLA paper will be released in the specified course menu at a time specified by your tutor on the date of the TLA.

TLA Paper Submission Dropbox: You must check the timings for the TLA, both in guidelines given by your tutor and the due date/time of the submission dropbox. For many the dropbox will be open for a 24 hour period, **but there are exceptions to this** depending on the individual assessment. You must check and note down the specific submission deadline date/time.

Results and Feedback: Results and feedback will be given on a specific date, determined by your tutor.

Completing the TLA:

- You may start the TLA at any point in the 24 hour period and for a time constrained TLA, it is advised you complete the TLA in one sitting. You may have a shorter time frame depending on the assessment, please ensure you are clear on the submission date/time.
- It is strongly advised that you complete the TLA at least 3 hours before the submission deadline (where you have a 24 hour window), to allow time to submit and seek support in the event of a technical difficulty.

Recommended Format: Use Microsoft Word or other text editor. Remember that with your Edge Hill account you have access to Office 365 in a browser or can <u>download the software</u>.

- Include at the start of the document: Your Name, Student ID, Module ID, Date and any information your tutor has requested.
- 2. Number your responses as the questions are numbered. If possible, copy and paste the TLA question onto the Word document.
- 3. Save the document as a word document or .txt file if using a non-standard text editor.
