

MATERNITY AND INFANT CARE.

The database contains over 120,000 references with abstracts to journal articles from over 550 international English language journals, books, and grey literature relating to the midwifery profession, pregnancy, labour, birth, postnatal care, and neonatal care and the first year of an infants life. Database coverage is from the mid 1980s onwards.

HOW DO I ACCESS MATERNITY AND INFANT CARE?

- Like all our electronic resources, **Maternity and Infant Care** is accessed through the Library Catalogue.
- Type **Maternity and Infant Care** in the search box, choose 'Electronic Library' from the right drop-down menu and click 'Go'.
- Connect to the database by clicking on the link in the centre of the screen.

HOW DO I USE MATERNITY AND INFANT CARE?

Click on 'Advanced Search' as this will allow you to refine your search terms

The screenshot shows the OvidSP search interface. At the top, there are logos for Wolters Kluwer Health and OvidSP, along with links for My Account, Support & Training, Help, and Logoff. Below this is a navigation bar with 'Search', 'Journals', 'Books', 'My Workspace', and 'Primal Pictures'. A 'Search History' section shows 7 searches. The main search area includes tabs for 'Basic Search', 'Find Citation', 'Search Tools', 'Search Fields', 'Advanced Search', and 'Multi-Field Search'. The 'Advanced Search' tab is active. Below the tabs, there is a search input field with the text 'post natal depression' and a 'Search' button. There are also radio buttons for 'Keyword', 'Author', 'Title', and 'Journal'. Below the search input, there is a 'Limits' section with a dropdown arrow and the text '(Click to close)'. This section contains checkboxes for 'Full Text', 'Latest Update', and 'Abstracts'. There are also dropdown menus for 'Publication Year' (set to 2002) and 'Current'. At the bottom of the limits section are buttons for 'Additional Limits' and 'Edit Limits'.

Clicking on the 'Limits' will allow you to refine your search further

Print, e-mail or export the citation

Save the citation to a folder

The screenshot shows a search results interface with a left sidebar and a main results area. The sidebar contains sections for 'Search Information', 'Filter By', and 'My Projects'. The main area displays a list of search results, each with a title, source information, and a list of actions. Annotations with arrows point from text boxes to specific elements: 'Print, e-mail or export the citation' points to the 'Print', 'Email', and 'Export' buttons; 'Save the citation to a folder' points to the 'Add to My Projects' button; and 'View Abstract' points to the 'View Abstract' link for the first result.
