Did you know that we have over 80,000 eBooks in our four main collections?

This guide shows you how to find eBooks for your course and subject.

Finding eBooks for your course

To view the recommended eBooks for your course, go to the **Library Catalogue**

Click on the drop down menu on the left-hand side of the page and select 'Module Code' from the list. ('Keyword' is the default)

Type your module code with no spaces into the search box.

Click on the drop down menu on the right-hand side of the page and select Electronic Library'.

(The default choice is 'View Entire Collection')

Click on 'Submit' or press enter.

The results will be the recommended eBooks and online materials for your course.

Finding eBooks for your subject

To search the **Library Catalogue** for all eBooks relating to **Education.**

Use 'Education' as your Keyword.

Select 'Electronic library' from the drop-down menu to the right of the search box and click on 'Submit' or press enter.

You will see that there are several hundred eBooks covering different aspects of Education.

To put your results into alphabetical order, according to title, simply click on the 'title' link just to the right of the search box.
