

EDUCATION SOCIETY

School: a bold vision for the future of education

...a look at what could become of our school system, with a radical new approach as to how children are educated. The event proposes a daring and innovative new school model; one that is fit for the twenty-first century and beyond.

TWITTER COMPETITION

#EHUNEI 

@timilner

Led by seasoned educator Tim Milner, this presentation is a vision of what is possible when we collectively decide that change is needed. At this event, Tim brings his wide-ranging, 16 years of experience, to layout his own personal vision as to how schools could be educating their students.

The presentation will be followed by a Q&A session and an online Twitter discussion.
